Cable Reservoirs

Medium Cable Reservoirs

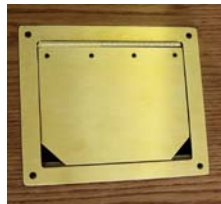

Connect laptops easily by storing the cables needed in a cable reservoir. AC outlets and four cable grommets make hookup easy. Black Medium Cable Reservoir shown open and closed. The two AC outlets connect to a 6-outlet surge protector with a 6 ft cord. There is one large and three small grommets with cord retainers. May be installed in the back wall or on the flat work surface.

Cable-M Black Finish w/Surge Protector.....\$320

Cable-MS Stainless Steel w/Surge Protector.....\$390
Cable-MB Solid Brass w/Surge Protector.....\$520

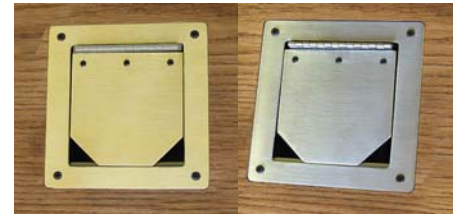

Small Cable Reservoir & AC Outlets

Our small reservoirs have a large grommet in the bottom of the well. They are usually paired with an AC Outlet wired to a surge protector. They are available in Black, Stainless and Solid Brass. There is a \$110 discount on the AC outlets if you order a small reservoir at the same time.

The AC outlets are wired to a 6-outlet surge protector, that is included when you order outlets.
