

# Keyboard Shelves

## Fixed Height Keyboard Shelf

Single shelves are framed with solid wood to make sure they will stand up to major abuse. The drawer slides have a detent when fully extended that keeps the shelf from sliding in when typing. The framing front and rear forms a lip to keep your keyboard and mouse in place and makes it easier to pull the keyboard out.

M-KS Fixed Height Pullout Keyboard Shelf .....\$350

## Dual Fixed Height Keyboard Shelves

Dual shelves are framed with solid wood to make sure they will stand up to major abuse. The drawer slides have a detent when fully extended that keep the shelf from sliding in when typing. The framing front and rear forms a lip to keep your keyboard and mouse in place and makes it easier to pull the keyboard out.

M-KSX2 Dual Pullout Keyboard Shelves .....\$650

## Drop Front Keyboard Shelf

A locking, drop-down, door front covers the pullout keyboard.

M-DFKS Drop Front Locking Keyboard Shelf.....\$550

## Adjustable Height Keyboard Shelf

Our adjustable height shelves move up or down, twist side to side and have an angle adjustment for the shelf. The mechanism that attaches to the work surface is quite deep and hangs down below the surface by several inches. This can interfere with other equipment in some designs. Our designers will tell you if there is a problem.

M-ADJ-KS Adjustable Height Pullout Keyboard Shelf.....\$500

## Equipment Shelves

### External Built-up Pullout Shelves

These shelves are built up on the sides and have a front piece that is grain matched to the cabinet side. When closed they are almost invisible. The smaller shelves are rated at 150 lbs. The larger sizes are rated at 250 lbs.

M-EPS Built up Shelf 22" Maximum .....\$500

M-EPSL Large Built up Shelf (24"+).....\$800

## Drop Leaves

### Hidden Drop Leaf

Our heavy duty telescoping mechanism is built into the side of the cabinet. When closed it's almost invisible because the grain is a perfect match with the cabinet side.

MSHD-24F Hidden Drop Leaf, each.....\$950

### Internal Pullout Shelves

These are pullout shelves similar to keyboard pullouts. They are made deeper for use as equipment platforms or as a place to put papers. These shelves are rated at 150 lbs.

M-PS Pullout Shelf (maximum 22'd).....\$380

### Extra Shelves

All our lecterns, cabinets and credenzas come with one or two shelves indexed to the shelf pins so they won't slide off. Additional shelves are available.

M-ADJ-S Adjustable Shelf .....\$100

### Heavy Duty Drop Leaf

We offer a superior, stainless, drop leaf mechanism. The release is very positive and it locks in the down position. Weight limit is 60 lbs.

MSHD-24 Heavy Duty Drop Leaf, each .....\$500
