

SCM™ Desks

A standard SCM-640 in all Black melamine finish. Casters are a no-charge option.

This standard SCM-640L is in Maple melamine with a Black top and base. Includes an optional medium cable reservoir.

This custom SCM-640L has a Maple top and base with a Black melamine body. Height adjust with casters is included and has an optional pullout keyboard shelf. The client decided not to have a door on the cabinet.

SCM-640 Desks are a flexible platform for integrated systems in classrooms. Standard construction includes rack rail, rear access, a heavy duty drop leaf and a locking pocket door. There is no charge for machining the top surface to take control panels or for changing a left/right orientation. Many finish combinations are available. These desks are designed to use our super-quiet, hydraulic height adjust to achieve ADA compliance. Casters or glides are no charge options.
