Custom Video Conference & Boardroom Tables

Our custom tables can be personalized by the number of seated individuals, overall top shape, and AV needs. Tables can be finished in our 23 stock wood veneer finishes, any laminate, or can be custom color or wood matched. As a standard, all have a self edge, surface and floor cable passage and, depending on table style, come with barrel legs, box legs or panel legs. Optional solid wood edging is available in a variety of profiles.

CTR 60x120 Natural Recon Laminate
Reference MFI #99792™

CTR 42x72 Custom Walnut with Reversed Diamond Veneer Pattern & Satin Brushed Aluminum Accents
A sleek power port runs though the middle for connectivity. Each slender box leg is equipped with an access panel and capped in brushed aluminum to match the top detail.
Reference MFI #48282™

CTR 36x168 Harvest Mahogany
Multiple Compact Cable Reservoirs were specified and provided by MFI. The top includes a solid wood eased edge. Each slender box leg has access panels with cable troughs running between each leg for cable management.
Reference MFI #39682™

Rectangle Shaped Tables
Retail Pricing starts at $6,600
Custom Conference Tables

Open Center Tables

Open Center UST 32 x 258 x 180 Classic Cherry
This Open Center U-Shaped boardroom table consists of ten electric monitor rotators and ten microphone hole cutouts. A solid wood waterfall edge was added as an option for durability and is stained to match the legs and top surface. Cable troughs run between the panel legs for cable management. Reference MFI #51542™

Open Center UST 30 x 132 x 246 Classic Walnut
This Open Center U-Shaped training table consists of seven mobile training tables, each with the ability to be easily connected or disconnected for breakout sessions. Five of the tables include an Extron CC200 cutout, as well as a metal modesty panel for privacy, metal legs with casters, and a cable trough for cable management. Reference MFI #58103™

Open Center UST 32 x 144 x 216 Classic Cherry
This Open Center U-Shaped boardroom table was designed with one credenza base at the head for storage. Privacy panels were supported by C-Legs running down the length, while the top included multiple pop-up cutouts and a standard self edge. Reference MFI #20902™

Open Center UST 32 x 144 x 216 Classic Cherry
This Open Center U-Shaped boardroom table was designed with one credenza base at the head for storage. Privacy panels were supported by C-Legs running down the length, while the top included multiple pop-up cutouts and a standard self edge. Reference MFI #20902™

Open Center UST 32 x 144 x 216 Classic Cherry
This Open Center U-Shaped boardroom table was designed with one credenza base at the head for storage. Privacy panels were supported by C-Legs running down the length, while the top included multiple pop-up cutouts and a standard self edge. Reference MFI #20902™

CTB 48 x 144 Custom Birch
This table has a solid wood waterfall edge and barrel legs. The two end barrels include hinged access panels for cable access. Cable troughs run between each barrel for wire management. Reference MFI #69441™

Boat Shaped Tables

Retail Pricing starts at $6,600

CTB 48 x 144 Brown Mahogany
This table has a solid wood bullnose edge and box legs with hinged access doors and notched bottoms. Reference MFI #83982™

CTB 48 x 183 Custom Birch
This table has a solid wood waterfall edge and barrel legs. The two end barrels include hinged access panels for cable access. Cable troughs run between each barrel for wire management. Reference MFI #69441™
Custom Video Conference & Collaboration Tables

To accommodate the popularity of video meetings, we offer several custom tables that can seat any number of users and include surface cutouts for small equipment at no extra charge. For smaller set-ups, our simple huddle tables with laptop connectivity are perfect for a quick get-together. All models come standard with surface grommets, floor hole for cable pass, box, panel or barrel legs, and levelers. Choose from our 23 stock wood veneers and finishes, any laminate, or our custom matching services to complete your collaboration set-up.

VST 65x96x324 Classic Walnut
This V-Shaped video conference table features a horizontal grain pattern top with the standard self edge, five surface cutouts for Crestron FT-600, and five microphone hole cutouts. The tapered box legs each include a locking access panel for service with troughs running between for cable management. Reference MFI #99313™

VST 40x60x240 Classic Walnut & Natural Maple
A solid wood Bullnose edge was made in Classic Walnut finish. The top was machined for nine Extron HSA 402 cutouts and nine Clock Audio C012E-RF microphones. For storage and cable access, each base was made with a locking service panel and included floor holes for cable pass and leveling feet. A custom logo inlay was added to the surface to complete the look. Reference MFI #91172™

VST 40x60x90 Classic Walnut & White Laminate
This collaborative classroom table was made pub height for stool seating. AMX cutouts were specified in the Walnut top panel, designed to be removable for future technology changes. The dual-arm was optional. The credenza below matches the top shape and includes locking panels on both sides for cable access and storage. Reference MFI #21803™

VST 40x60x90 Natural Recon
Reference MFI #99792™
