MARSHALL FURNITURE

Integration-Friendly Furniture®

About Us

30 Years of Architectural Design/Build Experience

Marshall Furniture has been building furniture for collaboration spaces for 30 years. Our foundation is rooted in the AV industry so we understand the relationship between technology and architecture. We can match any material, finish or style on request and can meet any budget.

Our Services

We Design As Well As Build Furniture

Customization is our specialty. If you don't see what you want, we can design and build it for you. Send us sketches, drawings, photos or plans to get started.

Our free design drawings let you see and approve the exact furniture you want before you order. We'll provide 2D and 3D line drawings to show your furniture with all equipment in place so there's no question of fit and function. Contact us with your ideas or let us help you get started.
