

Custom Lecterns

For over 30 years, our specialty has been lecterns. We offer many different styles, all of which can be designed around size, finish, and AV equipment. All models come standard with an internal adjustable shelf, surface grommet, floor hole for cable pass, notched toe for air intake, and 4" locking swivel carpet casters. From there, endless customization options are possible.

Prairie Style Lecterns

Retail Pricing starts at \$4,100
