## Drawers

### Medium Document Camera Drawer

**MDR-SM Medium Document Camera Drawer**  
A drawer designed for small or medium sized document cameras. Tell us the camera you want to use and we'll guarantee that it fits. The rear side is lower to make using the camera easier. Rated at 100 lbs. Maximum extension is 22".

### Large Document Camera Drawer

**MDR-XL Large Document Camera Drawer**  
A drawer designed for large document cameras. Tell us the camera you want to use and we'll guarantee that it fits. The rear side is lower to make using the camera easier. Rated at 250 lbs. Maximum extension is 36".

## Security Accessories

**FMJ-CSK-3 3 ft. Cable Kit**  
**FMJ-CSK-6 6 ft. Cable Kit**  
These kits allow you to secure multiple pieces of equipment with one cable. Attachment pads glue to any surface. Includes padlock and keys.

## Accessory Drawers

**MDR-S Small Drawer** (up to 22" drawer slides)  
**MDR-L Large Drawer** (over 24" drawer slides)  
Accessory drawers can be specified with or without locks. Depth, width, height, and interior space are adjusted to suit your application.

**FMJ-MT Mini or Mid Tower Case**  
**FMJ-DT Desktop Case**  
This is a patented design steel case with locks to secure a computer. The design allows easy access to the front and rear while providing excellent security.

## Cable Doors

**M-CPD-M Cable Door w/Mousehole**  
**M-CPD-B Cable Door w/Brush**  
We have two designs to allow cables to exit a cabinet side. A hinged flap with a "mousehole" and a hinged flap with a brush. The mousehole works best with cable bundles and the brush with individual cables.

## Padded Covers

**PADDED COVER**  
Our covers are custom made for each lectern shape. Rip-stop nylon inner and outer covers and a thick fiber padding layer protect your lectern from bumps and scrapes. An optional zipper is available. Colors available in Black, Grey, Red, Bright Blue, and Denim Blue. Silkscreen logos are also available.

## External Electrical Feed

**EEF Recessed Male Socket**  
Bring power to your lectern using any round-headed extension cord. The recessed male socket is wired in a box and wired to a 6-outlet surge protector.

## Surge Protectors

**APC-6 6-Outlet Surge Protector**  
**APC-11 11-Outlet Surge Protector**  
We offer two APC surge protectors. The smaller option has 6 outlets and is included with any order for clocks, lights, or cable reservoirs. It is also available separately. The larger unit has 11 outlets, telephone line protection, and a built-in cord wrap.
