## Custom Edges for Lecterns, Desks, Credenzas and Workstations

### Solid Wood Edging for Cabinets

**M-CWE** Per linear foot, all standard profiles  
These custom top edges all add a solid band of hardwood around the top. This protects the top surface (vener or laminate) and the solid edge is very durable. See page 37 for conference table edging.

### Solid Wood Molding

**M-CWM** Per linear foot, Custom Wood Molding  
Solid wood molding can be added to serve as a handrail or as decorative trim. Other styles are available at an additional cost.

### T-Mold Edging for Cabinets

**M-TME** Per linear foot, T-Mold Edge  
A T -mold edge adds a durable plastic band around the top. This protects the top surface (vener or laminate). The corners of the top have to be rounded. Available in a wide variety of colors and styles.
