

Digital Signage & Confidence Monitor Furniture

Our custom kiosks can be designed to fit your space, equipment, budget, and stylistic approach. Touch-screen capable monitors can be mounted into single-sided or double-sided cabinets with a portrait, landscape, or flat-surface orientation. Stage monitor cabinets can be utilized by presenters and collaborators as a means of presenting information. Standard features on all models include a fixed mounting bracket, holes for cable pass, ventilation as needed, and swivel carpet casters or levelers. Our 23 stock wood veneer finishes, any laminate, and custom color or wood matching is available.

Classic Style Kiosk

Retail Pricing starts at \$4,950

MKCS-30 Light Red Walnut

Designed for a bezel mounted 24" touch panel, this kiosk includes a locking rear access panel to service the interior components and store equipment. Cooling fans and ventilation were added.
Reference MFI #63313™

Traditional Style Kiosk

Retail Pricing starts at \$7,500

MKT-24 Black Cherry

A locking frame secures the VESA-mounted 24" display on this Traditional Style kiosk. A locking panel provides access to the column for cord pass. A black metal base completes the piece.
Reference MFI #60023™

Radius Style Kiosk

Retail Pricing starts at \$7,750

MKR-46 Glamour Cherry Luxe Laminate

This Radius Style kiosk features a recessed 32" display and a cutout for a printer that delivers copies to the front of the cabinet. The locking rear access door makes service easy. Locking front doors hold paper and printer supplies.
Reference MFI #06422™

Prairie Style Dual-Sided Digital Signage Cabinet

Retail Pricing starts at \$6,500

MDGP-42 Asian Sun Laminate

This digital signage cabinet has large monitors mounted vertically on both sides. Optional metal corners give the cabinet a modern look. The locking access panels make service and hookup easy.
