

Custom Workstations

All our workstation styles come with standard locking doors, locking access panel, floor hole for cable pass, ventilation as needed, notched toe for air intake, and 4" locking swivel carpet casters. Custom workstations can be specified a variety of ways. Designs can include space for racked equipment, overhanging tops for ample surface space, pullout shelves and drawers for storage, or height adjust for user versatility. They can also be designed to meet ADA requirements. Choose from any of our 23 stock wood veneer finishes, any laminate, or custom color or wood match to new or existing architecture.

MWSR-25 White Laminate

Reference MFI #24113™

Prairie Style Workstations

Retail Pricing starts at \$5,150

MWSP-30 Gunmetal Laminate

This highly customized workstation has a miter folded frame with clean lines for a modern feel. A Chroma panel on stand-offs with security caps is removable to service the rack inside. Dual hidden drop leaf shelves add additional work space.

Reference MFI #84213™

MWSP-32 Brown Walnut

Designed for wheelchair accessibility, this workstation includes height adjust for seated to standing position. The surface pulls open to sit over a user's lap while the components are within proper ADA ranges. A hidden lock rear access panel secures the rack.

Reference MFI #12192™

MWSP-45 Custom Rift White Oak

This dual bay workstation was designed for laptops and monitors to sit on top. It has 14RU front and rear rack rail in one bay and additional shelving in the other. A locking rear access panel allows for service.

Reference MFI #60792™

MWSP-25 Classic Cherry

Simple and custom, this piece was designed for a small space and intended for high mobility. Locking pocket doors secure the equipment inside while the rear access panel on the front allows for quick service.

Reference MFI #79803™

Custom Workstations

Radius Style Workstations

Retail Pricing starts at \$6,750

MWSR-25 Chalk White Laminate
Designed for a contemporary space, this Radius Style workstation is compact and mobile. A full front rear access panel with soft radius corners provides service to the fully loaded rack system. Also specified was a keyboard pullout shelf and fixed document camera shelf.
Reference MFI #24113™

Classic Style Shallow Reveal Workstations

Retail Pricing starts at \$5,750

MWSCS-37 Classic Cherry
Designed for ADA wheelchair accessibility, this workstation also includes height adjust for varying standing positions. Front and rear rack is secured behind locking doors while a side pullout shelf provides additional work space.
Reference MFI #26803™

Column Style Workstations

Retail Pricing starts at \$8,800

MWC-51 Natural Maple
This workstation includes solid wood fluted corners and height adjust. The surface of this workstation was left clean with minimal AV cutouts. The body below includes dual bays of front and rear rack and a drop-front document camera drawer that pulls out to the side.
Reference MFI #70013™

Radius Classic Style Workstations

Retail Pricing starts at \$7,250

MWSRCL-25 Valencia Teak Laminate
This compact workstation features an Ergotron arm and power dome for connectivity. Two side shelves were added while a locking pocket door secures the rack rail inside. The black lock in the locking rear access panel is disguised by the black reveal.
Reference MFI #57182™

Frame & Panel Style Workstations

Pricing starts at \$13,100

MWSFRP-32 Custom Cherry
Designed for ADA accessibility, a pullout surface was carefully designed to allow a person in a wheelchair to properly reach all components.
Reference MFI #58962™

Flat Panel Style Workstations

Pricing starts at \$11,000

MWSFP-25 Custom Rift Cut White Oak
This Flat Panel Style workstation was custom designed to match the millwork and finish in a courtroom. The sides open for additional surface space and a hidden lock access panel is included to service internal equipment.
Reference MFI #97812™

Round Collaboration Style Workstations

Pricing starts at \$13,600

MWCY-32 Custom Cherry
Custom stained to match the room, this workstation has an overhanging top with pop up cutout. A fully loaded rack box can be pulled out for service.
